

Great Neck Student Aid Fund, Inc.

A NEED-BASED PROGRAM OF FINANCIAL AID FOR HIGH SCHOOL GRADUATES

Outright grants are made to students who reside in the Great Neck School District and who plan to attend college or vocational school in the year following high school graduation. The Great Neck Student Aid Fund (GNSAF) is a community supported organization.

Financial need, not academic achievement, is the basis for the selection of recipients. Grants are available for meeting first year expenses of college or vocational school only. School choice is made by the student. Realism should be exercised since the financial burden will generally continue for four years. *Privacy is maintained in the consideration of awards. No public announcement of grant recipients is made.*

For each student, the measure of financial need in the determination of awards is a rigorous evaluation of the excess of first-year costs of the college or other school being attended over the funds available to the applicant. Awards are reserved for the neediest students with limited family resources, whose summer earnings, scholarships, grants, and school, federal and state aid are still insufficient to cover the cost of attending the critical first year of school.

To assure the greatest availability of all financial aid, the Fund requires that students apply for (i) Federal (FAFSA) aid; and (ii) financial aid from the schools to which they seek admission. In addition, students planning to attend New York State schools must also apply for the New York State Tuition Assistance Program (TAP) grant when applying for FAFSA.

If you are unable to complete a FAFSA application for any reason, advise your guidance counselor for further instructions as soon as possible.

Note that funds from Federal programs such as the Economic Opportunity Program (EOP), Pell Grants and Stafford Loans are administered through the colleges and will be reflected in the college financial aid package.
